	15 to 18 inches	.60
	2 to 2 1/2 feet	2.00

Photo: Two Yews 15-18 inch xx just planted.

Japanese Yew (taxus capitata)

The most useful and popular evergreen in the nursery trade. It grows to a tree 10 to 15 feet tall. It is a tree to perhaps 40 ft. Stands damp, dry, sunny, shady, acid or ordinary garden conditions.

(10)	(25)	(100)
12 to 15 in. XX.	\$ 7.50	16.50
15 to 18 in. XX.	10.00	18.00
		60.00

HEDERA haitica (Hardy English Ivy)

Use as vine or ground cover, in shade.

(25)	(100)
2-in. pots.....	5.00
12 to 18 in. XX.	2.50

LONICERA japonica (Honeysuckle)

12 to 18 in. XX.	2.50	9.00
VINCA minor (Myrtle)		70.00
Evergreen, in sun or shade		
15-20 stems.....	6.50	37.50

Sea-shore planting

Need water at the start only:

THUNDERBOLT BLACK PINE
Stands wind, dry sandy soil, even salt-spray itself. Ideal shelter hedge for sea-side gardens (10) (100)
12 to 15 in. trans. \$2.50 13.50

BEACH PLUM (Prunus maritima)
Shrub with edible fruit. Will grow and thrive in the worst sea-side conditions. Combine with above.
12 to 18 in. trans. 20.00
2 to 3 ft. heavy 7.00 55.00

RUGOSA ROSE
Shrub with showy red bloom all summer. Will stand almost as much abuse as the two above.
1 1/2 to 2 ft. heavy 4.50 32.50

BEARBERRY (Arcoctaphylos)
Creeping vine that stands dry sun-baked, sandy banks. Native Long Island to Maine.
6 inch (potted).....5.50 45.00

Trees for Empty land

ACER (Maple) (10) (100)
Norway 4 to 5 ft. \$5.50 37.50
Red 4 to 6 ft. 5.50 37.50
6 to 8 ft. 8.50 65.00
Sugar 4 to 6 ft. 5.50 37.50
6 to 8 ft. 8.50 37.50

BETULA (Birch)
Gnome White 4-6 ft. 6.50 47.50
6-8 ft. 8.50 65.00
Common White 4-6 " 6.00 37.50
6-8 " 8.00 60.00

POPULUS (Poplar)
Lombardy 5 to 6 ft. 5.00 32.50

QUERCUS (Oak)
White 5 to 6 ft. 8.00 60.00
Scarlet 3 to 4 ft. 6.00 50.00
Burr 4 to 6 ft. 8.00 60.00
Red 4 to 6 ft. 8.00 60.00

SALIX (Willow)
Weeping 5 to 6 ft. 4.00 25.00
Golden 5 to 6 ft. 6.50 50.00
SORBUS (Mountain Ash)
Anouparia 4 to 6 7.00 55.00

For Northern gardens

Summer houses in cool country need extra-hardy material. We suggest Pine, Spruce, Fir, Yew, Hemlock, Maple, Birch (priced on this page). In addition:-

HARDY NORTHERN IBOLEUM PRIVER
Vigorous. Neater grower than common privet. (10) (100)
3 to 4 feet..... \$4.00 20.00

HARDY DWARF EDGING
Salix nana purpurea is easily clipped to a one-foot box and grows on any soil. Nice leaf.
12 to 18 inch..... 4.00 30.00

HARDY BANY-COVER
Creeping Thyme serves in the north instead of Vinca, Honey-suckle, etc. Set 1 foot apart.
Clumps 1.50 8.50

HARDY FLOWERING CRABS
Much harder than other kinds, Baccata (white); Eleyi (red) and Hopal (pink). Any one kind for:
2 to 3 feet 6.00 45.00

Kelsey Nursery Service

50 CHURCH STREET . . NEW YORK CITY

April 1942

Dear Customer:

We get this question so very often: "What do you think is the best buy?"

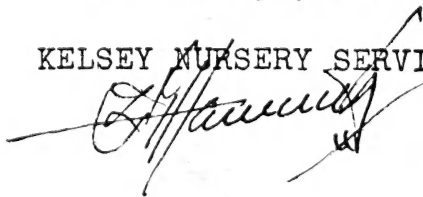

We've tried to put on one page (inside) our answer. They are all bargains, in the sense of being lower priced than usual. But that's not enough, according to our ideas. They are also among the most useful kinds --and we've stated the uses. In addition, they are what we consider the most useful, and easiest handled, sizes. Look them over.

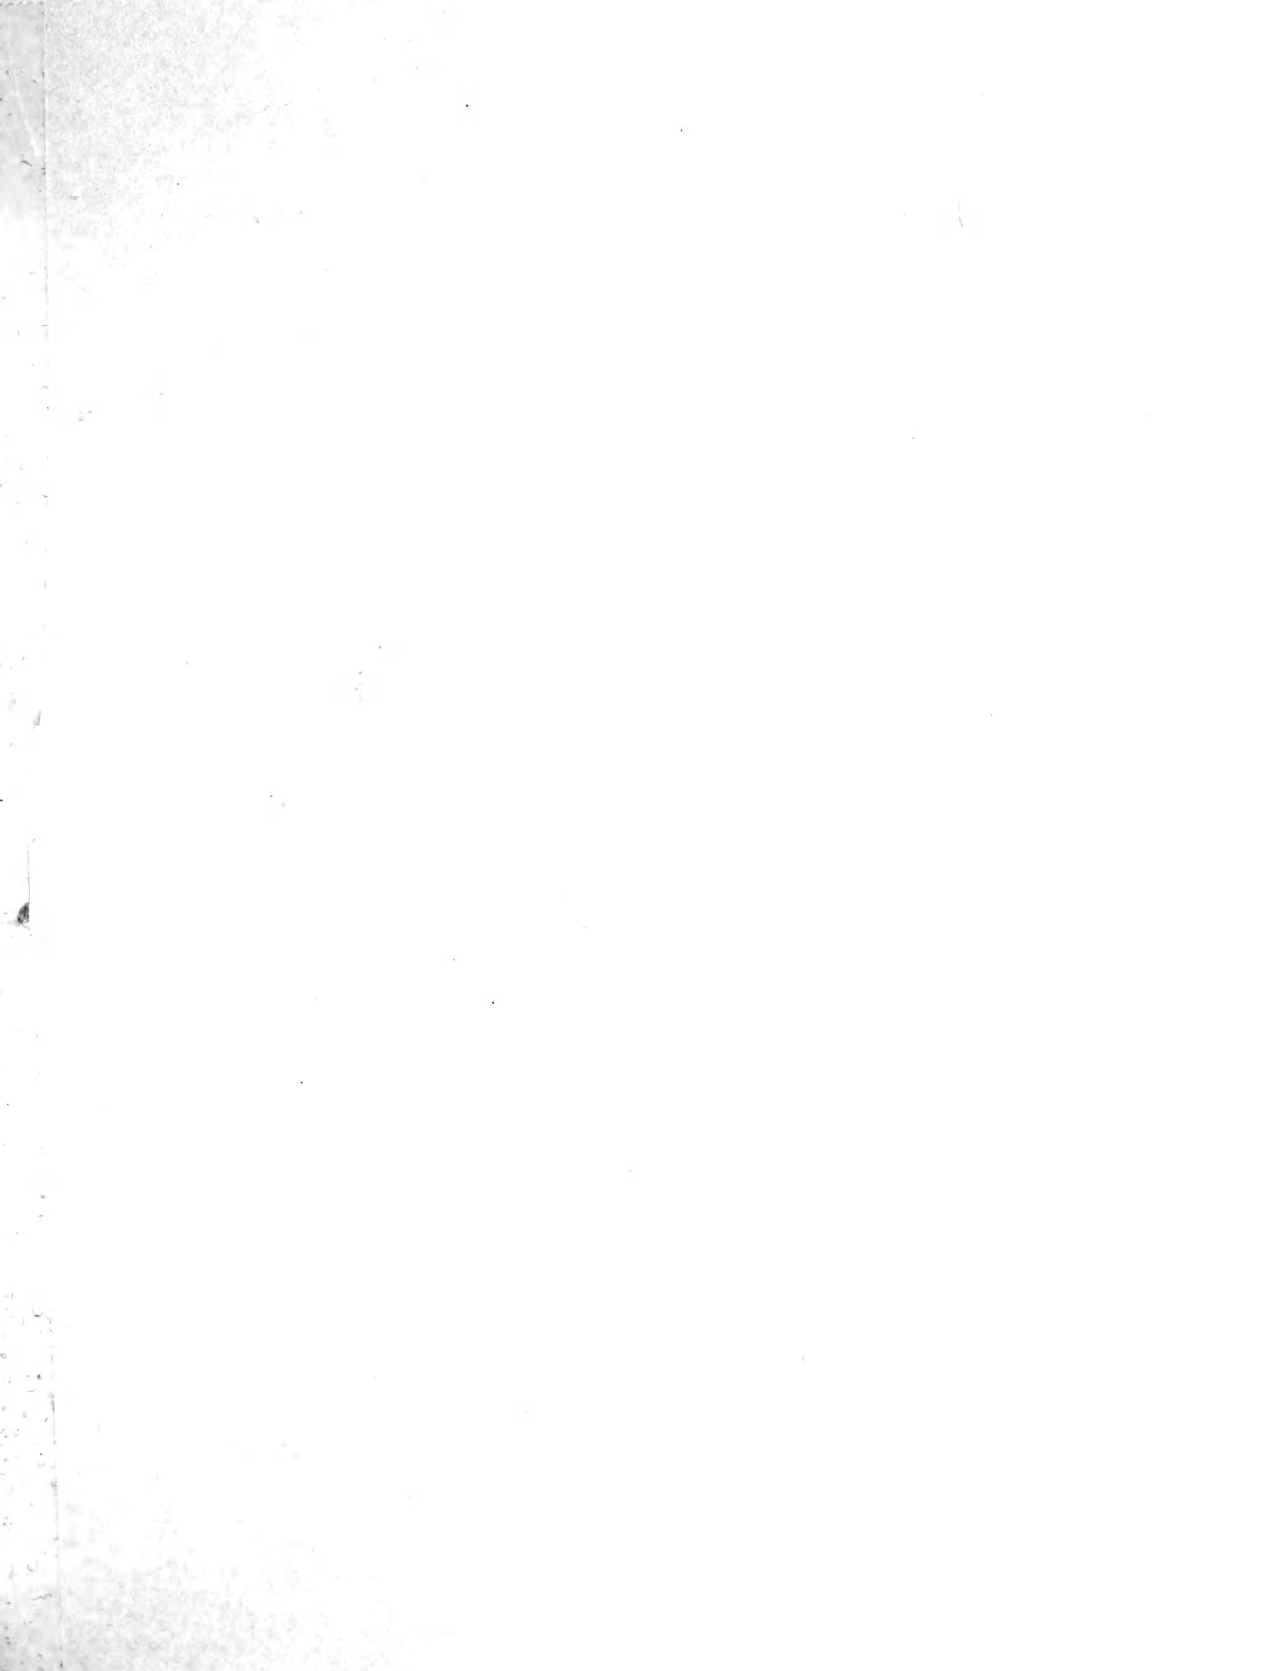

We are keeping up with shipping schedule so far in almost all cases, but labor is scarce this year. Send in orders now, even if you don't want shipments until May. We need 7 to 10 days notice.

Fertilizers (artificial kinds) are getting scarce. Try the natural kinds on the back of this folder. They are real soil-builders, not mere temporary meals.

sincerely yours

KELSEY NURSERY SERVICE

Use Natural Fertilizers

Conserve chemical fertilizers--really better for trees and shrubs, too. Fob. Pittstown, N.J.

(Nitro. Phos. Potash)

Shredded Cow Manure (1/2-1/4-1/4)

Well rotted, can be applied as a direct mulch. Moisture 25 to 40%. Sold in 100 lb. bags--\$1.00 each. (\$1.00 covers 300 sq. ft.) Excellent soil conditioner.

Pulvrized Manure (1-1/2-1/2)

Bone-dry (under 5% moisture) and safe to use, as well as economical. Sold in 50 lb. bags which are almost the equal of 100 lbs. of the above. Price, \$1.00 per bag. You save on freight. (\$1.00 covers 300 sq. feet.)

Pulvrized Hen Peat (3 1/2-3-2)

Bone-dry powder of poultry manure and peat moss. A superb all-round food supply. Must be used sparingly, and spread thin, for it is 3 times stronger than the above. The most fertilizer you can buy for your money. Price, 50 lb. bags for \$1.00 each. (\$1.00 covers 1000 sq. feet.)

Mulchnur (2 3/4-1 1/2-1)

Our new introduction--all organic--for spreading on lawns, gardens, etc. It contains peat moss, manure, and enough tobacco dust to discourage grubs, cut-worms, moles, mice, etc. Fertilizing value is high. Comes clean, dry, shredded, ready to use.

Lawns: Use 1 pound to 10 square feet.

Gardens: 1 pound to 2 1/2 square feet.

1. Aids in drought; conditions soil.
2. High fertilizer value--natural.
3. Prevents insect damage to roots.

1 bag (50 pounds) (in any quantity) \$1.50.

Shredded Leaf Mold (Acid Soil Mulch)

A thin layer from the top of an oak forest, shredded and bagged. Very loose yet firm, goes a long way. Maintains an acid soil, wonderful for Azalea, Rhododendron, Blueberries, Holly, Dogwood, etc. (Approx. 75 lb. bag) \$1.00.
